IPEVO V4K Pro 120 USB Document Camera
Wide Perspective, Bigger Impressions

IPEVO

Features

Compact & Highly Portable

Lightweight in design offering remarkable portability, while the adjustable arm allows for various adaptable shooting angles on both desk-based and webcam viewing points, with adjustments being quick and easy.

AI-Enhanced Microphone

With intelliGo's AI-Enhanced Voice Technology, the Pro 120 is ideal for small to medium-sized meeting rooms, trained to preserve natural human voice andremove various background sources.

SONY CMOS Senor with 4K resolution

Delivers stunning imagery and swift autofocus down to the finest detail without manual adjustments giving strong visuals to the viewers. An LED light assists image capture, even in low-light environments.

Multi-Platform Accessible

Plug and play compatibility with conferencing software that would usually utilise computer cameras such as Zoom, Google Meet, Microsoft Teams and more on Windows, Mac and Chromebooks.

Tabloid-Sized Capture with Wide-Angle Lens

Offering an expansive 120-degree FOV wide-angle lens with tabloid-sized capture range allowing the visualiser to present up A3 resources, and doubles up as a web-cam with it's wide focus range.

Software supported

Get more from your IPEVO visualser, through **Visualiser** & **CamControl**, both of which allows modification of camera settings adjustments, plus modify and record the feed using the free software.
